

FISCHBEIN PORTABLE BAG CLOSER

The rugged Fischbein Portable Bag Closer sews all kinds of paper, textile and poly bags dependably and stands up to the most demanding applications. This closer is simple to operate, even for inexperienced workers. Sews single thread type 101 chain stitch. The bag closer may be hand-held, mounted on a suspension unit, or on a Fischbein Carriage conveyor. An efficient internal oiling system lubricates all moving parts as the bag closer is operated. Housing is cast and machined to close tolerance.

Available in 110 or 220 Volt AC, or 12 Volt DC versions. Unit is supplied with one package of needles, one cone of thread and operator's maintenance manual. Ship wt. 17 lbs. Ship dims. 15" L x 12" W x 15" H.

Bag Closer, 110V, 50/60Hz	No. ECR
Bag Closer, 220V, 50/60Hz	No. ECR/A
Bag Closer 12VDC	No. ECR12

TAPE-SEWING ATTACHMENT

The Tape-Sewing Attachment allows the ECR closer to sew "stitch through tape" closures. Attachment uses 2" wide tape, which is available in the colors listed below. Bag Closer with attachment ship wt. 19 lbs.

Bag Closer (with components for tape attachment), 110V	No. ECRT
Bag Closer (with components for tape attachment), 220V	No. ECRT/A
Tape Sewing Attachment	No. 1650

BAG SEWING ACCESSORIES

The Adjustable Reel-Type Suspension Balance holds the ECR bag closer within easy reach, relieving fatigue and protecting the closer from accidental damage. Ship wt 8 lbs.

Reel-Type Suspension Balance	No. 1550
Crepe Paper Tape (Ctn of 10 Rolls - approx. 1800 feet) :	
Natural Kraft	No. D311N
White	No. D311W
Black	No. D311BK
Blue	No. D311BL
Red	No. D311R
(Minimum order of 80 ctns. for Black, Blue & Red - Call for quote)	

High Quality Thread - 65% Polyester / 35% Cotton Blend:	
8 oz. Cones (for all portable models)	No. D305
(Each 8 oz. cone will sew approx. 500 feet. Available in ctns of 10 or 32 cones.)	
2½ lb. Cones	No. D310
18 lb Jumbo Cones (for belt conveyor models)	No. D318
Needles for D, E, and ECR units (Pkg. of 25)	No. DE5

Crepe paper tape, reel-type suspension, lubricating oil and cone of thread.

To Insure Maximum Efficiency from Fischbein Bag Closing Equipment, use these Specially Selected Lubricants:

Cleaning Lubricant, 1 Gallon (for cleaning feed mechanism parts)	No. D301
Quickly washes out all traces of abrasive and harmful dirt	
Thread Lubricant, 1 Gallon	No. D302
Required for closing waterproofed or specially processed, Paper or textile bags. Saturates entire cone in seconds.	
Lubricating Oil, 1 Quart (for lubricating all parts)	No. D303
Lubricates properly under the most adverse sewing conditions. Flushes out abrasive dust and dirt accumulated on parts.
