

### EXPLOSION PROOF INDUSTRIAL VACUUM CLEANER SYSTEMS

These explosion proof / dust ignition proof vacuum systems offered by Seedburo are ideal for grain elevators, flour and feed mills and feed processing facilities. The Tiger-Vac systems will provide thorough, efficient clean up in most wet or dry locations.

All electrical components including: motor, conduit, switch junction box, switch, cord bushing, supply cord are designed and certified for use in hazardous locations: Class I - Group D; Class II - Groups E, F and G. All metallic parts used to construct these systems are of aluminum and stainless steel, and are conductive and non-sparking, including hose attachments. In fact, all of the parts used in the construction of the explosion proof vacuum cleaner have electrical continuity and bonding techniques are used to ensure static dissipation. The explosion proof vacuum is designed to be grounded during both use and storage. Grounding is accomplished through the electrical cable. Grounding reels are also available for added security.

These vacuums feature a tilt-cart frame to allow for easy dumping of the recovered waste materials. The recovery tank can also be detached from the frame. Each unit is provided with: a self-cleaning static dissipating pre-filter (prevents caking of fine dust into main cloth filter), a 10' x 1½" static dissipating, abrasion resistant Kanaflex hose assembly with explosion proof couplings, and a static dissipating tool kit (as shown below).

Model	Capacity	Dims/Wt.	Performance	Electrical
<b>EXP1-15</b>	12.5 gal. - Liquid 10 gal. - Dry	39"H x 27" dia. 71 lbs.	132 CFM (115V/60Hz) 58 l/sec. (230V/50Hz)	115V/60Hz 1000 Watts/9amps
<b>EXP1-25</b>	17 gal. - Liquid 15 gal. - Dry	43"H x 27" dia. 81 lbs.	132 CFM (115V/60Hz) 58 l/sec. (230V/50Hz)	230V/50Hz 1000 Watts/4.5amps

Explosion Proof Vacuum Cleaner System Complete, 15 Gal. Cap., 115V, 60Hz .....	<b>No. EXP1-15/B</b>
Explosion Proof Vacuum Cleaner System Complete, 15 Gal. Cap., 230V, 50Hz .....	<b>No. EXP1-15/C</b>
Explosion Proof Vacuum Cleaner System Complete, 25 Gal. Cap., 115V, 60Hz .....	<b>No. EXP1-25/B</b>
Explosion Proof Vacuum Cleaner System Complete, 25 Gal. Cap., 230V, 50Hz .....	<b>No. EXP1-25/C</b>

#### Static Dissipating Tool Kit, 1½" (Included With Vacuum)

Part No.	Description
381364	2-pc. Stainless steel wand with aluminum tool coupling, double bend
381236*	18" universal tool, aluminum with rubber blades, brass axle & wheels, conductive brush strips
381188	11" crevice tool, aluminum
381190	6" conical nozzle assembly, stainless & nitrile
381219	21" conical nozzle assembly, stainless & nitrile
211065	Ground Continuity Tester (not shown)

#### Optional Static Dissipating Tools, 1½"

381162	Extension wand, aluminum
381161	Single bend wand, aluminum
381191A*	Pipe cleaning tool, for pipes > 6"
381193A*	Pipe cleaning tool, for pipes 4"-6"
381195A*	Pipe cleaning tool, for pipes 1"-3"
381185A*	5" dusting brush, aluminum
381183	6" Upholstery Tool, Aluminum
381184A*	Clamp-on Brush for 381183
381182	12" Gulper Tool, Aluminum
381179A*	9" Wall Brush, Aluminum
381189	24" Crevice Tool, Aluminum
212008	Replacement Self-Cleaning Static Dissipating Pre-Filter (not shown)
381400	Additional 10' x 1½" Kanaflex Hose Assembly
381407	Optional 25' x 1½" Kanaflex Hose Assembly
211191	Optional Grounding Reel

\*These Tools feature conductive bristles
