

SEEDBURO PC400 SERIES TOP-LOADING BALANCE

The Seedburo PC400 Top-loading Balances have the exclusive quad-spring design that virtually eliminates damage from shock overload. The scales read in pounds, ounces, kilograms or grams. They run on an internal rechargeable battery or AC plug-in power adapter. The scale can even be used while recharging. The small size of the PC400 allows you to use it in tight spaces. In addition, the scales are easy to clean and made of 304 stainless steel, which is wipe down safe. Complete with bi-directional RS232 output. The PC400-05 and PC400-10 are both NTEP approved*. Power requirements 115V or 230V, 50/60Hz. Actual dims 8.75" L x 8.5" W x 4.25" H.
