

TRIPLE BEAM BALANCE

Seedburo offers the very best in mechanical balances. Manufactured by Ohaus, these balances carry a 5 year warranty. All of these scales are ideal for many non-legal for trade applications. The triple beam balances feature a magnetic damper for fast, accurate weighing.

The metric series capacity is 610g and the addition of the 707 weight set increases capacity to 2610g. The front beam reads 10g x 0.1g, rear beam 100g x 10g and the center beam is 500g x 100g. The mechanical series is available with a poly or stainless steel scoop which measures 12" x 6" x 2-3/4", or with 6" dia. stainless steel plate. Ship wt. 7 lbs., dims 20" L x 9" W x 9" H.

These same fine scales are also available in avoirdupois (oz.) Capacity is 18 oz. and 82 oz. (5 lbs. 2 oz.) with the 807 weight set. The stainless steel plate is 6" in diameter to accommodate the footed stainless scoop and counter weight (703S). The front beam reads 1 oz. x 1/64 oz., rear beam 1 oz. x 0.01 oz., and the center beam is 16 oz. x 1 oz. Ship wt. 8 lbs, dims 20" L x 9" W x 9" H.

DIAL-O-GRAM BALANCES

The Dial-O-Gram Balances eliminate the front beam of a Triple Beam Balance and replace it with a convenient direct reading dial that reads 10g x 0.1g. These scales are equipped with magnetic damping and are suited for non-legal for trade applications.

Capacity is 610g and 2610g with a 707 weight set. The stainless plate is 6" in. dia. to accommodate the footed stainless scoop and counter weight (703S.) Dial 10g x 0.1g, rear beam 100g x 10g, center beam 500g x 100g. Ship wt. 9lbs., ship dims 22" L x 9" W x 9" H.

Dial-O-Gram with SS plate, tare beam and 707 weight set	No. 1650-W0

The second style of Dial-O-Gram balance Seedburo offers has a three-point beam that eliminates the need for level adjustment. Zeroing is accomplished with a counter balancing knob at the end of the beam. Capacity is 310g x 0.01g and the front beam is replaced by a dial that read 10g x 0.1g. The front beam reads 100g x 10g and the rear beam is 200g x 100g.

The 310 Balance is supplied with a removeable stainless steel pan that measures 3-1/2" in. dia. and 1/2 " high. Ship wt. 5 lbs., Ship dims 16" L x 7" W x 8" H.
