

EAGLE SHELVING UNITS

The Starter and Add-On SHELVING UNITS offered by Seedburo feature an open-wire design that promotes greater light penetration and air circulation, minimizing accumulation of dust. The shelves feature the EAGLEgard® green epoxy finish and are warranted against rust formation for 15 years. A patented Quad Truss® design makes shelves up to 25% stronger than other shelving systems. Units shown are 63" high with Eaglegard® finish. Many other sizes are available. Additional finishes include Zinc plated, Chrome plated or Stainless Steel. Available options include casters (see below), dividers, ledges or 74" posts - **Call for quote.**

Create customized seed storage or germination walk-in rooms. All components can be sized to fit your specific requirements. Provide a drawing or sketch of room along with request for complete room price quotation.

OPTIONAL POLYMER CASTERS

Add mobility to your shelving with these 5" polymer tread casters. Casters feature a durable chrome finish. Stems are available in rigid, swivel, or with brakes. Other tread types and finishes are available.

Model	Type	Capacity		Wheel Dia. (inches)	Wheel Face (inches)	Weight (lbs.)
		lbs.	Kg.			
CSS5PC-300	stem/swivel	300	136.1	5	1 1/4	2.5
CSB5PC-300	stem/brake	300	136.1	5	1 1/4	2.5
CSR5PC-300	stem/rigid	300	136.1	5	1 1/4	2.5

Note: Casters add approximately 5" to a unit's overall height. Requires removal of threaded, adjustable foot from shelf post bottom.

Polymer Stem Caster

HEAVY DUTY UTILITY CARTS

These Heavy Duty Utility Carts offer a highly flexible, maneuverable way to transport items (up to 800 lbs). Feature push handle on each side of cart and resilient rubber casters with donut bumpers. Offered in Eaglebrite® zinc or chrome finishes and two or three-shelf models. Other configurations and sizes available.
