

FLIP-UP MAGNI-FOCUSER

The Seedburo Magni-Focuser comes with a flip-up front, a snap-on interchangeable lens plate, and a choice of 4 different magnifications. This head-worn magnifier includes a lightweight adjustable headband and can be worn with or without regular glasses. Net wt.5 oz.

Flip-Up Magni-Focuser available with these features:

Focal Length	Power	Model No.
14"	1.75X	No. 103A
8"	2.25X	No. 105A
6"	2.75X	No. 107A
4"	3.5X	No. 110A

SEEDBURO FLASH-O-LENS

This hand-held magnifier illuminates the field of vision much like a flashlight. It comes in either a battery operated or an electric model. The cut-out base allows easy use of forceps or other instruments on seeds being examined. The fixed focus lens is easily removed for cleaning. Overall length is 9".

Flash-O-Lens, Battery Operated, 5X Power	No. 170
Flash-O-Lens, Battery Operated, 7X Power	No. 171
Flash-O-Lens, Electric (110V), 7X Power	No. 172/B
Flash-O-Lens, Electric (220V), 7X Power	No. 172/C

SEED AND GERMINATION MAGNIFIER

Gooseneck stand reader, cast-iron base, flexible cable arm, chrome adjustable rim with 2½" lens. Magnifier has 2X power lens.

Seed and Germination Magnifier, 2X Power	No. 2508
--	-----------------

SEEDBURO STAND MAGNIFIER

This self-standing magnifier frees hands to work with sample while offering the versatility of a hand-held magnifier. 2½" lens strength is 3X power. Features a cast iron horseshoe base with chrome plated ball joints for lens adjustment.

Stand Magnifier, 3X Power	No. 2507
---------------------------------	-----------------

SEED ANALYSTS SPECIAL

This high quality magnifier is made of aluminum alloy with black finish. The 107 folds compactly to fit in pocket and has a 1" X 1" (25.4mm X 25.4mm) graduated base for evaluating size of object. Features 6X power lens, 1" in diameter.

Seed Analysts Special, 6X Power	No. 107

HASTINGS TRIPLET MAGNIFIER

This highly "corrected" triple lens system provides excellent image quality and is designed to eliminate optical errors that can degrade image quality. Swing-away case protects the lens and can also be used as a handle.

Focal Length	Power	Lens Dia.	Model No.
1.5"	7X	18mm	No. M7X
1"	10X	14mm	No. M10X
0.75"	14X	11mm	No. M14X
0.5"	20X	8mm	No. M20X
