

POWERHEAD / HANDHELD BLOWER

These detachable powerheads are powerful hand-held blowers. As a vacuum powerhead, used on our vac systems on the previous page, they draw 155 CFM (184 CFM on 2¼ HP models). As a blower they put 325 MPH of cleaning power at your fingertips. Ideal for cleaning around machinery, bins, warehouses and hard to reach areas. High-efficiency 1½ HP and 2¼ HP bypass electric motors are air-cleaned and permanently lubricated. Ship wt. 1½ HP – 22 lbs. Ship wt. 2¼ HP – 26 lbs.
